

PROTECT YOUR OAK TREES FROM OAK WILT DISEASE

PLANTING TREES, GROWING COMMUNITIES.

Don't invite oak wilt disease into your healthy woodlot! Learn how to protect your trees.

Learn general forest management strategies and oak wilt treatment options at this \$10 oak wilt workshop. Dr. David Roberts, Ph.D., Jeff Steinkraus, and Matt Bainbridge will lead the presentation and answer your questions.

Register by Feb 26th. Volunteer credits may be used in lieu of registration fee.

Learn all about how to protect your oak trees!

- What oak wilt is
- What trees are affected
- What does (and doesn't) cause it to spread
- Control measures and treatments
- How to protect your trees
- Important dates and restrictions
- Removal, disposal, transport, and storage of diseased oak wood
- Guidelines for hiring a tree service or arborist

\$10 OAK WILT WORKSHOP!

Jeff Steinkraus' Farm
18623 Marcellus Hwy
Marcellus, Michigan 49067

Saturday, February 29
8:30AM - 12:00PM
