Make a difference in a few hours that can last decades! ReLeaf Michigan, a non-profit tree organization, in collaboration with the Sherbourne Drive Block Club, the city of Dearborn Heights, and the DTE Energy Foundation, is planting 20 trees in the Dearborn Meadows subdivision in Dearborn Heights on Saturday, May 20th. The trees planted will increase the tree canopy for shade, increase property values, improve water and air quality, and improve the aesthetics of the neighborhood.

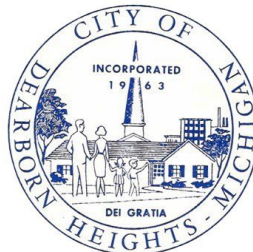

ReLeaf Michigan's tree experts will be there to show volunteers how to plant a tree and oversee the event. Please wear closed-toe shoes and bring a shovel, hard rake and gloves if you have them. Event occurs rain or shine (we're a hearty group!). No planting experience necessary. Families are welcome! We hope to see you there!
