Make a difference in a few hours that can last decades! ReLeaf Michigan, a non-profit tree organization, in collaboration with the City of Farmington Hills and the DTE Energy Foundation, is planting 20 trees at Heritage Park on Saturday, October 21. The trees planted will add to the biodiversity, fill in gaps in the canopy, and replace trees that died or were removed.

ReLeaf Michigan's tree experts will be there to show volunteers how to plant a tree and oversee the event. Please wear closed-toe shoes and bring a shovel, hard rake and gloves if you have them. Event occurs rain or shine (we're a hearty group!). No planting experience necessary. Families are welcome! We hope to see you there!
