

Trees Work for Grandville!

Hear the results of a recently completed tree canopy assessment, how trees are saving Grandville millions of dollars each year, and how YOU can help plant more.

LEARN HOW TREES HELP US AND GET INVOLVED

Trees provide amazing economic, environmental and health benefits for Grandville!

Learn more about our community forest and what you can do to make a difference for Grandville and your own property. We'll also discuss the upcoming volunteer planting of 75 trees in the fall. Everyone is welcome to this free presentation!

GRANDVILLE'S TREES PROVIDE...

- \$2 million in annual benefits through reductions in air pollution and stormwater runoff and carbon sequestration
- \$7 million in benefits from stored carbon over the trees' lifetime

JOIN US FOR A FREE PRESENTATION!

Grandville City Hall
3195 Wilson Ave SW
Grandville, MI 49418

Tuesday, September 10
6pm - 7:30pm
