Make a difference in a few hours that can last decades! ReLeaf Michigan, a non-profit tree organization, in collaboration with The City of Wyoming Tree Commission - The Tree Amigos, the Godfrey-Lee Public Schools District, and the MDNR Urban and Community Forestry is planting 20 trees at the Godfrey-Lee Early Childhood Center on Friday, May 17th. The trees planted here will create shade equity, involve students in learning about the value of trees, and encourage physical activity by making walking during warm weather more comfortable and during fall more beautiful. Funding for this project is provided by the USDA Forest Service and MDNR Urban and Community Forestry Program through the Inflation Reduction Act of 2022.

ReLeaf Michigan's tree experts will be there to show volunteers how to plant a tree and oversee the event. Please wear closed-toe shoes and bring a shovel, hard rake and gloves if you have them. Event occurs rain or shine (we're a hearty group!). No planting experience necessary. Families are welcome! We hope to see you there!

To volunteer, please sign up at www.releafmichigan.org/rsvp

You will be sent an additional sign up form required by the school after you RSVP.
